

# THE 2010 GATHERING-TAIWAN

*'Chiron - Chrono & Core.' - (Changing Circumstance.)*

**Thursday 14<sup>th</sup> – Sunday 17<sup>th</sup> October, 2010**  
**Tienlai Spring Resort, Taipei County, Taiwan R.O.C**

This year's special 'live-in' Gathering will be in Taiwan and is called the –

**'Chiron – Chrono & Core' Gathering –  
(Changing Circumstance.)**

All of our 'Chiron Healing®' workshops have been presented from the Male / Fact /'How to' side, because the work was developed from Chiron's journey through the levels of pain.

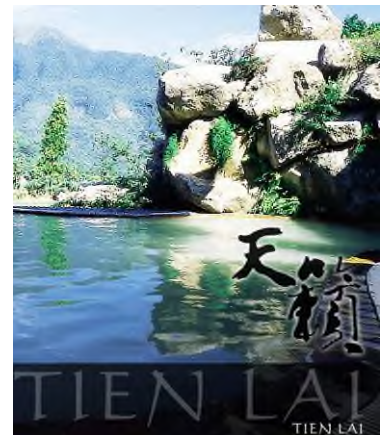

At this special Gathering though, you will find that it 'Gathers together' the 'feeling skills' of the Chrono, to help in gentle,

practical ways to deal with the results of the 'circumstances' that change our lives.

Chiron Healing® helps us to deal with the pathway to health through the journey to 'wellness'. Chiron and the Chrono helps us to deal in a practical way with the results of the circumstances of our lives, the things that we 'have to deal with', the things we cannot change.

For example, when we are dealing with distressed children, we use the techniques of Chiron Healing® to restructure their Patterns, and use the healing energies of Sovereign Essence to help them back to ease once more. However in the 'Chiron – Chrono & Core', we will learn how to create a 'Chalybeate Cradle', to shield the energies of the ailing child, to make them comforted and to wrap them with support - all the gifts of the Chrono.

This will be a simple, beautiful Gathering, with insights made more profound, because the 'Chrono's' knowledge was old before Chiron was born, and she it was who 'cradled' him when he was in pain. She it was who urged him to seek out the 'Journey to truth', the start of the journey to wellness.

Hopefully you can take this beautiful journey with us as well, as we travel the ancient path of the:
