

2011

'THE PEARL GATHERING'

30 Years of Chiron Healing®

13th - 16th October, 2011
Ballarat, Victoria, Australia

This year's Gathering is a live in one and will be held in Ballarat, Victoria, Australia, and will be celebrating another amazing milestone in the Chiron Healing® journey –

30 Years of Chiron Healing®!

It is not often that major milestones like this are achieved.

It will also be a wonderful opportunity to pay tribute to Jan Thomas, who for all of us was a dear friend, Spiritual advisor, guide and mentor and even though her recent passing will mean she is no longer in the physical, have no doubt that she will be there in Spirit for us all, especially at the Saturday night Party – one of her favourite activities of the annual Gathering.

It is because of Jan's amazing love and dedication in bringing through all of the Chiron Healing® work over the past 30 years, that today each and everyone of us is able continue hers and Master Chiron's wondrous work. She has given us the knowledge and tools from Master Chiron, so now it is for us to go out into the world and use them, spreading that knowledge wherever we journey.

The information presented this year will be selected from the vast collection of channelled work accumulated over the past 30 years; the majority has only ever been presented once.

So remember to set aside these dates and share this remarkable event with your Chiron family!
As accommodation is limited it is advisable to register your interest to secure your place.

Also, if you have any stories, reminiscences, photos etc. of this amazing Chiron journey, then please forward a copy of them to the IACHI Secretary. (*Note: As it was also Jan's wish to complete a book celebrating this milestone, we wish to advise that some of these articles may also be used in the forthcoming book "30 years of Chiron Healing®", hopefully to be published in time for the Gathering. Please advise if you do not want your article to be used in this book.*)

Due to the enormity of the task, it may not be possible to use all items submitted, nor be able to return them to the sender any articles or photos submitted – so we ask you when posting any articles or photos etc. in, to **please send only copies / photocopies** of them and to keep your originals with you. They can also be emailed.

Remember to clearly identify photos etc. with your name, contact details; the date, location, the event and if possible identify the people in the photos. This would be a great help and make it easier to identify where they belong in relation to the other submitted items. Thank you.

(**NB:** As further details become available they will be distributed in the eNewsletterette, Wounded Healer and the IACHI website.)

I look forward to seeing everyone there,

Love and Light,
Debbie Sawtell, President of IACHI

(**N.B.** To receive the maximum benefits from attending this seminar, **it is essential to have completed at least a Chiron 1 seminar** and have a working knowledge of **how to 'put a pattern together'**.)

(**N.B.B.** Attendance at this seminar will also meet the I.A.C.H.I. Teacher and Practitioner 'Continuing Professional Development' requirements.)
